# NOT ALL FLOOD RISK IS EQUAL

You have a right to know if you're paying too much, too little, or should not be paying at all for the cost of coverage.

Flood Elevation Services, in cooperation with Flood Insurance Solutions, formerly AmeriFlood Solutions, Inc. (AFSI), encourages you to be proactive about flood risk.

When your property is located in a FEMA-designated high-risk flood zone and you're required to carry flood insurance, a flood risk evaluation will:

- ✓ Verify the accuracy of the requirement.
- ✓ Determine if the property can be reclassified.
- ✓ Identify the potential to reduce or eliminate the premium.

Flood Insurance Solutions has been able to reclassify 3,000 homes into low-risk flood zones, providing cost savings to homeowners.

We can help, with a one-time contingency fee of \$350 per structure. This fee is refunded in full within 60 days if the property cannot be reclassified.

Let us help you take the first step in obtaining a review of your home's true flood risk.
